(918) 914-1962

## Secretary/Treasurer

Susan Weldon  
(918) 327-3287

## Rider Education

Dave Weldon  
(918) 914-0943

## Membership Enhancement Coordinator

Bud Smith

Well the month of August started like the month of July ended.. Very Hot. Makes it very hard to get excited about riding the bike. Chapter G, s activities started on August the second with our monthly gathering. Even with the heat we had a great turnout, thanks to our visiting chapters. The visitors included a big part of our District staff and six Chapter P members, five Chapter X members and three Chapter E Members. There were sixteen Chapter G members and one guest, making a total of thirty four present. I thought that to be a very good Turnout considering the extreme heat.

On August the fifth Chapter G had four members go to Legends in Owasso. On August the eighth Chapter G had six members visit Chapter P in Claremore and as usual the cotton eyed Joes ribs were very good.

On August the fourteenth Chapter G had eight members visit Chapter P's anniversary. I compliment Chapter P on their party. Great fried Chicken and all the trimmings anyone would ever need, along with fabulous dessert.

Our next dinner ride is to Buck/s BBQ in Sedan Kansas and I expect a good turnout for that one. I hear the weather may cooperate and not to as hot as it has been.

DAN

## REMINDER

September 9th & 10th Chapter G 911 Campout at  
Tenkiller State Park

# The Chapter G Annivesary Party has been CANCELED

## From the Work Bench of Dave Weldon

As we go about our daily tasks every day we probably take for granted a lot of things. The car will always start, the coffee will always taste the same, stopping at the same convenience store for a do-nut and maybe gas up at the same pump every day. Taking the same route and getting there at the same time, parking in the same spot, etc..... You get the idea, sometimes you need to change things up take a different road, greet each person you come in contact with and SMILE. The word Complacency comes to mind, Have you ever thought about it? Some times it can kill some one, no where is it more important than when riding our Gold Wings. please make sure to keep a sharp eye out when driving and never take anything for granted. A positive outlook when greeting the day makes everyone much more pleasant and your day will be brighter. Be careful and stay alert watch for tread wear on your tires, is the tire pressure correct, when was the last time you checked your oil level? Ride safe and enjoy the wind, riding temps are getting better every week!!!

Your Humble Rider Ed. *Big Dave*

# REMEMBER

### September Birthdays

1st	Steve Emert
4th	Lynn Davis
5th	Bob Jones
15th	Dean Gewecke
16th	Dan Miller
17th	Joy Schmitz
26th	Willis Kendall
